EVER FANCIED A NIGHT AT THE SPEEDWAY?

The Scottish ACU have arranged a great offer for Armadale Speedway on Friday 6th August. **AND IT COULD COST YOU JUST A POUND!**

To help raise awareness, and much needed funds for a new Stadium, Edinburgh Scotwaste Monarchs are inviting ALL SACU Licence holders to the KO CUP clash with arch rivals Kings Lynn.

Currently sitting clear at the top of the Premier League, the Monarchs clashed with King's Lynn in the Final of all 4 competitions last season, and lost out on all but one occasion, so this will be a huge match, and a must see for all Speedway fans!

As an added bonus, the evening will have a display of Classic bikes and support racing featuring the '**Blast from the Past**' classic Speedway bikes which is an awesome sight.

To gain entry for just a pound – you are most welcome to make a bigger donation – all you have to do is turn up with your SACU Licence, present it at the turnstile and you will gain access to the race meeting. Simple!

All proceeds will go towards the building of a new stadium and a Scottish Speedway youth training track, which is planned for South Couston, just a mile or so from their current track in Armadale which is to be taken over by developers.

Speedway racing takes place at 7.30pm every Friday, at Armadale Stadium and having won the League title in 2003 and 2008, the Monarchs are the most successful team in West Lothian and they have their sights firmly set on bringing the Championship back home, north of the Border.
